AN UNFORGETTABLE TRIP TO PARIS

Immerse yourself in the artistic heart of Paris on a journey celebrating three new works by acclaimed choreographer Benjamin Millepied, produced by Paris Danse at the legendary Folies Bergère.

This November, all three works will be presented in the same season, a rare chance to see them all in a single trip. Read on to explore the day-by-day itinerary.

ADDITIONAL PARIS EXPERIENCES

Beyond the itinerary, the LADP team will share their own insider Paris through a series of optional experiences and personal recommendations, to be announced closer to the trip.

Expect the places they return to again and again, from favorite neighborhood bistros and bars to galleries, shops and corners of the city that rarely make the guidebooks. Whether it's your first visit or your fifteenth, it's a chance to see Paris through the eyes of those who know it well.
